

Brookfarm™

“Its not enough to produce healthy food – you have to taste the difference.” Pam & Martin Brook

From Paddock to Plate

Brookfarm is Australia's most awarded producer of Gourmet Macadamia Products. Based in Byron Bay in sub-tropical New South Wales, every macadamia nut grown on their farm is used in the range.

Pam and Martin Brook have a strong commitment to improving the environment and have planted over 30,000 rainforest trees on their land.

Brookfarm is dedicated to using only the finest Australian ingredients, many sourced from independent growers and is a member of the International Slow Food Movement.

Brookfarm sell their range of Gourmet Macadamia Products throughout the world and the key to Brookfarm's success is never compromising on quality and taste.
